15 IMPROVING TAKE UP OF 'TWO YEAR OLD EARLY EDUCATION ENTITLEMENT'

A report was submitted which detailed the existing provision of early education for two-year old children within the borough and proposed measures to increase the level of take-up, thus reducing the disadvantage gap and improving outcomes for children and ensuring they have a positive start to life.

It was reported that this would be done by offering all eligible families a free place in a nursery mitigating the need to complete the associated lengthy and complex paperwork which is currently a huge barrier to parents wanting to take up the offer.

- * **Resolved that action be taken to address the fall in take up of 2-year-old Free Early Education Entitlement (FEEE) places and adopt what is nationally referred to a 'Golden Ticket' approach for all eligible families.**

16 QUARTER 2 PERFORMANCE REPORT 2020/21

A report was submitted which provided an analysis of progress and performance over the course of the period against each of the Council's six priorities. The Quarter 2 Report reflected performance during the first six months of the financial year and the impact that the Covid-19 pandemic was having on many of the Council's measures of performance.

The Council acknowledged that effective performance management arrangements were critical to supporting decision making during these challenging times. The report was presented with the caveat that work to deliver a step change in the Council's approach to performance management was ongoing. This included:

- i) wholesale review of the Council's performance management framework in line with the Council's plans for reset and recovery from the Covid-19 crisis and the desired outcomes of the Borough Strategy / Council Plan following consultation, further review and approval;
- ii) full alignment of the new performance management framework to the priorities of the Borough Strategy / Council Plan; and
- iii) full review of performance targets in the light of the impact that Covid-19 has had on the Council's performance.

* **Resolved that:**

- (1) the current performance position be noted;**
